WHAT WE DO · FOUR PRACTICES

Strategic Execution · FLAGSHIP, M²

The operating model that connects strategy to delivery, run through the M² framework. Mobilization, launch and turnaround, transformation, PMO, portfolio governance, and board-level articulation.

Technology Advisory

Senior counsel on enterprise technology and cyber decisions. Cloud and infrastructure, modernization, data and analytics, security, AI governance, and technology M&A diligence.

M&A Advisory

Diligence to integration to value across the deal lifecycle. Diligence, day-one and IMO standup, IT integration, synergy realization, the 100-day playbook, and exit readiness.

Signature Offering · PE Value Creation
Value creation, from diligence to exit.

Risk & Resilience Operations

Enterprise risk as a portfolio input. ERM, operational resilience, BC/DR, framework readiness (NIST, ISO 27001, NY DFS 500), tabletops, and wargaming.

Signature Offering · Standing Enterprise Risk Advisor
Standing counsel to the risk function and board.

THE M² FRAMEWORK

Our proprietary operating framework, working at the macro and micro level to keep an engagement coherent from initiation to close. Four pillars: **Methodology, Mobilization, Measurement, Maturity**.

INDUSTRIES WE OPERATE ACROSS

Financial services · Insurance & reinsurance · Private equity & portfolio companies · Life sciences & pharma · Healthcare · Technology & telecom · Industrials & manufacturing · Chemicals · Defense · Aviation & space · Transportation & logistics.
